

Lauriel Leonard

Dressed to the nines with an infectious smile and easy-going demeanor, designer Lauriel Leonard deflects any idea that she always appears this stylish, insisting instead that her typical uniform consists of something more along the lines of Old Navy. We'll give her that, since Leonard, along with husband Craig Smith, works out of their operational showroom, Dex Studios, which serves the design and architectural communities with decorative, custom concrete products.

WHO TO CALL Dex Studios, (404) 753-0600

retro recyclables

"Craig Smith and Lauriel Leonard's company, DEX STUDIOS, makes custom concrete products with recycled glass." (404) 753-0600; dexstudios.com.
